Delegates Who Will Meet in
that City.

NEWS NOTES OF INTEREST

Alexandria, Va., April 13.—Mrs. Kate Walker Barrett, president of the National Council of Women, today announced the complete program of exercises for the annual meeting of the National Council of Women, to be held in this city and Washington Wednesday, Thursday, and Friday next. While the principal business sessions of the organization will be held in Washington, there will be two important meetings in this city, which will be held at Trinity Methodist Episcopal Church. There will also be visits by the delegates to Christ Church, Masonic Temple and Episcopal Theological Seminary.

As heretofore stated, the final plans for the session will be completed at 10 o'clock tomorrow morning at a meeting which will be held at the residence of Mrs. Barrett, Alexandria.

Morning and afternoon meetings will be held on Wednesday at the Washington College of Law. At 5 o'clock there will be a reception at the residence of Mrs. W. S. Corby, Chevy Chase. That night, at 8 o'clock, a public meeting will be held at the Universalist Church, Washington, with addresses by Miss Helen Gardner and Miss Davis.

The morning and afternoon sessions on Thursday will be held at the Washington College of Law, where delegates will be selected to the international meeting, in Paris, The Hague, and London; address by Mrs. Ellen Spencer Mussey, on "Laws pertaining to Women and Children"; at 4:30 p. m., a visit to Christ Church and Alexandria-Washington Lodge of Masons, in Alexandria; public meeting in Trinity M. Church, at 8 o'clock, when addresses will be made by Miss Julia Lathrop, of Washington; "The Children's Bureau"; Miss Sadie American, of New York, on "Our Foreign Population"; Mrs. Mae Wright Sewall, of San Francisco, on "Peace and Arbitration"; Friday the business sessions will be held at the Washington College of Law; at 2 p. m., a reception will be tendered the delegates at the White House by President and Mrs. Wilson; at 4 p. m., automobile ride to the Episcopal Theological Seminary, west of Alexandria; 5 p. m., reception to delegates by Mrs. Kate Walker Barrett, at "The Cranies," Alexandria.

The affair will end that night with a meeting at Trinity M. E. Church, Alexandria, when addresses will be made by Senator John D. Works of California, Dr. Anna Garlin Spencer, New York, and Miss Elizabeth Grannis, New York.

Hoof Wants Change of Venue.

A motion for a change of venue for the trial of Lewis Hoof, former secretary and general manager of the defunct Mercantile Railway Building and Loan Association, will be made tomorrow morning before Judge Louis C. Bailey in the Superior Court. Hoof's case is slated for trial in this court April 23. It is expected that the court will grant the request, and it is regarded as highly probable that a venue of talent may be summoned from Richmond. Tomorrow will be the chancery term of this court, at which time the docket will be called and cases set for trial.

A mission for men, which will be continued throughout the week, was opened tonight at St. Mary's Catholic Church by the redemptorist fathers. A large congregation attended the opening services.

The mission for women, which has been in progress at this church since Sunday last, was concluded with services.

spell, and oftentimes you are un-
able to retain your food.

has possessed wealth, beauty, cul-
ture, and grace, has remained un-
married, simply because he or she

Arabs from "The Garden of Allah" Don't Mind the Wintry Blasts

"GARDEN OF ALLAH" ARABS ARRIVING IN CAPITAL.

While travelers waiting for their cars
or taxis at the Union Station yesterday
afternoon buttoned their coats closer
about them against the chilly, early
spring air and wished that winter would
either come back for good or go, and let
summer come on, a score or more of
men, with swarthy faces and bare shins,
not off the train coming from Baltimore
and started uptown. Their only pro-
tection against the cold was some flow-
ing robes, that blew about in the wind.
But the dark strangers didn't mind, for they are Arabs, and are ac-

customed to bare legs and flowing cos-
tumes. They form every week day night
at matinees Wednesday and Saturday,
the "local color" in George C. Tyler's
Donnelly, of "Madame X" fame: Law-
son Butt, the Englishman; Edward
Mawson, Florence Johns, and Jose Ru-
ben.

The Arabs "flock" by themselves, say-
ing their prayers with faces toward the
east, for, no matter how the sons of
the sands may lie or steel or cheat, they
pray, and that three times a day, reli-
giously.

In their temporary quarters in Wash-
ington the Arabs will do their own cook-
ing, the meals consisting of kid and
rice, but, in lieu of kid, lamb will take
its place, this meat being for the inno-
cent, as they are (?). The menu may be
varied from kid and rice to rice and
lamb, or even mutton and rice, but same-
ness does not call upon those economical

creatures.
Their abak, while not born to the rank
production, "The Garden of Allah," that
opens tonight at the National, and with
them came several carloads of horses,
camels, goats, and Tripolitan doves.

Besides the Arabs, there were Dorothy
and the head of prayer, calling and
spiritual guidance generally, but the fact
that he is not of the born-and-brought-
up shiekness militates against his abso-
lute control. Dressing, as he does, in
semi-European dress offends the humbler
followers of the prophet.

She Hassan Ben Ali, whose efforts at
importing Arabs have been demonstrated
for years, has been instrumental in se-
curing these wandering people, and they
are well drilled in obedience.

In the freight yards the animals, cam-
els, horses, goats, boxes of Tripolitan
doves, and scenery were unloaded, and
the march uptown began with huge
vans carrying the stuff.

ing to Receive Legacy.
Yonkers, April 13.—After hesitating for
five years, Charles L. Munson decided
last night to be married and get a \$10,000
legacy left to him conditionally by his
grandfather, George Munson, of Haver-
hill, Mass. Munson is twenty-five years old.
His bride, who was Mrs. Louise Hoefler,
a widow with no children, is thirty-five.
They were married by Rev. Alexander
Schlitten at the home of the bride.

George Munson, who was a wealthy
quarry owner, died about five years ago.
In his will he left \$10,000 to his grandson
on condition that he be married.

TRAP ALLEGED JEWEL THIEVES

New York Detectives Seize Men in
\$200,000 Pawnshop Robbery.
New York, April 13.—After a month's
hard work Detectives McManus and
Fennell reported early today to police
headquarters that at Hixson, Pa., they
had captured three of the men they be-
lieve have been concerned in the \$200,000
safe robbery in the pawnshop of Martin
Simons & Sons, at Hixson, Pa., a month ago.
Twenty-five detectives have been working on the case.

When the detectives looked over the
way in which the burglars had cut and
burst through the safe, they were con-
vinced that it was the work of a few
men, and not a mob. One of the men
arrested at Hixson is Joseph Stone, an
Englishman, whom the police have been
watching constantly since they first
picked up his trail after the robbery.
The detectives have not reported yet
the names of the other two men they
have arrested. All three are held at
Hixson on charges of having burglars' tools
in their possession.

CONVICTS INJURED IN FIRE.

\$750,000 Blaze in Kansas State
Prison Endangers Many Lives.
Lansing, Kans., April 13.—A fire which
started in the twine factory in the State
prison here this afternoon threatened to
sweep through all the prison buildings.
A dozen convicts and guards were in-
jured in the fire, which was controlled
with difficulty. Frank Riley, twenty-
two, sentenced to fifteen years for bur-
glary, was fatally injured. One guard
and fifty convicts, trapped in the tailor
shop, escaped by jumping. The total loss
was \$750,000.

Twinkling Toes to Disappear.

Chicago, April 13.—In a few years the
fair sex will be transformed so that
there will be no toes, and where the
toes were there will be a heel, declares
Dr. Max Struysky, of New York, in an
article published today. High-heeled
shoes, he said, compel the anterior
arch of the foot to do the function of
a heel, and in time that part of the
foot will become in reality a heel.

PASTOR GIVES ADVICE ON MARRIED LIFE

Rev. S. H. Woodrow Declares There
Is No Double Standard
of Morals.

Advice on the method of making mar-
ried life a success was given by Rev.
Samuel H. Woodrow, pastor of the
First Congregational Church, last
night, in his lecture on "The Husband
in the Home."

"Every man should give his wife a
regular allowance in proportion to his
income, to be spent by her for her cloth-
ing and incidental expenses," said Dr.
Woodrow. "Nothing can be more humiliat-
ing to a woman of any spirit than to be
compelled to go to her husband and ask
for money."

"A man should not expect a woman
to do the work of a servant or house-
keeper without any reward except the
honor of bearing his name. The honor
is undoubtedly great, but it will not buy
hats, shoes, and gowns."

"Every man should defend the honor
and virtue of his home. As a husband
it is your duty to protect the virtue and
good name of your wife. A man who
does not exercise that right because he
wishes more freedom for himself than
the law allows. The husband expects
truth, fidelity, and love from his wife,
and he should give her what he expects.
There can be no double standard
of morals in a happy family."

"Man and woman each have their
sphere and function in life," continued
the pastor. "The attempt to make wom-
en of men or men of women will
always prove a failure. The char-
acteristics of sex have been determined
by hundreds of generations of develop-
ment, and cannot be changed by a popu-
lar vote. This should forever set at
rest all discussions of the superiority of
one sex over the other."

In conclusion, Dr. Woodrow gave hus-
bands the following warning: "Provide
for your wives; defend them; be true to
them, and love them, and the angel of
peace will dwell in your home."

GOVERNMENT READY TO BUY SUPPLIES

General Committee Which Will Award
Contracts for Departments
Needs Meets Tomorrow.

Annual bids for over \$5,000,000 worth of
government supplies will be opened to-
morrow afternoon at 2 o'clock by mem-
bers of the General Supply Committee,
which consists of representatives of the
several executive departments.

Keen competition exists among Wash-
ington dealers to secure the contracts to
furnish the supplies wanted by the gov-
ernment. Manufacturers in all parts of
the country are exerting themselves to
secure the orders.

Supplies of all kinds are included in the
orders to be placed. Practically all of
the material used by government depart-
ments, including pencils, building mate-
rials, dry goods, drugs, furniture, food-
stuffs, and automobiles, will be purchased.
The bids are opened and listed in the
presence of representatives of each de-
partment.

No attempt is made to read the bids at
the time they are opened. Successful bid-
ders will be notified, upon publication of
the act of the committee, of the orders
to be placed with them. The sched-
ules usually cover between 50 and 100
pages.

Eye-glasses and Spectacles
Only Two Cents Each
YET YOU WOULDN'T PAY EVEN A CENT IF YOU HAVE
NO NEED OF THEM.

Would You Like to Be Freed From Slavery to Glasses? If
So, Read the Interesting Book Now Obtainable Free.

It is predicted that within a few
years eye-glasses and spectacles will be
so scarce that there will be no demand
for them except as curiosities, and we
may see the signs offering them at two
cents a pair. This is consistent with

progress of science in this age of
wonders, of flying machines, wireless
telegraphy, telephones, phonographs,
etc., but especially in the marvelous
advancement of knowledge in saving
the human eye from the ravages of the
all-important organs of sight!

Eye-glasses are Merely Eye Crutches.
A book has been written by Dr. Cor-
ish, an eminent New York physician,
explaining the cause of eye troubles,
which cause so much trouble to those
afflicted, including the need of wearing
eye-glasses or spectacles.

This treatise explains a simple, safe,
self, home-treatment method whereby
one who wears eye-glasses, or fears the
need of soon doing so, may gradually
strengthen the nerves, muscles and
membranes of the eyes until they are
in so much better condition that "op-
tician" windows are unnecessary. Any
one who reads the book soon realizes
that Dr. Corish has given the world
what it has long desired—a system of
eye-savings that is absolutely de-
void of belladonna, opium, atropine or
other harmful drugs, commonly used in
eye remedies, and which depend chiefly
upon the finer principles of nature.

Dr. Corish has written enthusiastically,
yet carefully, His comes forward
with the edict that eye-glasses must go.
His slogan is
"Throw Away Your Glasses."

The Doctor says that he has never
disfigured their facial beauty with
eye-glasses.
